

# SEVEN SOURCE

**SS-8150+**  
Economy Type Low-Yellowing  
Amino Silicone Fluid

**PDS**

## Description

SS-8150+ is an economy type product, and it's designed for textile finishing. Significantly increases softness, smoothness and full feel, also gives the fabrics well-crumpling resistance.

## Storage & packaging

When stored in its originally sealed packaging at 5°C - 40°C, this product may be stored for up to 8 months from its manufacturing date. Comply with the storage instructions marked on the packaging. Once past this expiration date, TAI COUNTY CHEMICAL no longer guarantees that the product meets the sales specifications. Product comes in 120 kg drums.

## Characteristics

- Excellent smoothness and softness in cotton and cotton blend.
- Suitable in chemical fiber.
- Excellent penetrability.
- The low amount of usage.
- Low-yellowing.

## Applications

- **Easy to make emulsion and apply.**

## Properties

|                             |                           |
|-----------------------------|---------------------------|
| <b>Appearance</b>           | <b>Hazy, white liquid</b> |
| Active ingredient(%)        | 100.0%                    |
| <b>Viscosity, 25°C, cps</b> | <b>20000~60000</b>        |
| Amine Number                | approx. 0.4 mg KOH/g      |

## Processing

To emulsify to 30% emulsion  
(Filter before packaging)

|                   |      |    |
|-------------------|------|----|
| SS-8150+          | :36  | KG |
| E-333(Emulsifier) | :24  | KG |
| Water             | :140 | KG |
| HAC(Acid)         | :1   | KG |

---

Total :201 KG

Padding process

|   |                   |
|---|-------------------|
| SS-8150+(30%)   | :3~10 g/L         |
| Soaking temperature   | :Room temperature |
| Setting temperature   | :150°C/2.5mins    |
| <u>(Depending on the actual conditions, you can adjust the usage amount.)</u> |                   |

## Safety

This document does not contain the safety information required for the product. Please read the safety data sheet for this product before use.

The data provided above is to the best of our knowledge and experience and is without any warranty. Users should thoroughly test any application and independently conclude satisfactory performance before use.
